TECNICAL INFORMATION FOR SPIRAL CONVEYOR PLANT:

Type of treatment:

☐ Leavening ☐ baking ☐ cooling ☐ freezing ☐ drying

……

Product	Please make a copy with the characteristics of each type of product		
Dimensions 	Length		mm
	width		mm
	Height		mm
	Diameter		mm
	Product weight		gr
	Production		Pcs/h
	Production		kg/h
Product positioning Incoming	Rows N°		
	Randomly entry		
	Packaged Pack size		
Incoming belt width	mm		
Process current duration	Minutes		
Loading type	Longitudinal		
	Transversal		
	If on trays		
	Trays size		
Temperature	Inlet temperature °C	Exit T °C	
Treatment time	Minutes		
Entrance height	mm		
Exit height	mm		
Space available for plant (if possible, send plant in dwg format)	L x W x H mm
